Education

SECONDARY SCHOOL

Lekete Secondary School

Matric 2015

TSHWANE UNIVERSITY OF TECHNOLOGY

National Diploma in Information
Technology
(Software Development) 2021

Skills

- Programming Languages: Proficient in C# and React for building web and desktop applications.
- Database Management: Experienced in developing and maintaining databases using SQL Server.
- Software Development: Skilled in designing, developing, testing, and maintaining software applications.
- UI/UX Design: Expertise in creating and implementing user-friendly interfaces.
- Debugging & Testing: Adept at testing and debugging software to ensure smooth performance.
- Technical Support: Strong ability to troubleshoot and resolve hardware, software, and network issues.
- System Integration: Experienced in integrating new software solutions with existing systems for enhanced functionality.
- Database Administration: Proficient in managing databases, ensuring data integrity, security, and accessibility.

Experience

INVESTHOOD IT PTY

Software Developer Intern

2022 - 2022 (7 Months)

- Built web and desktop applications using C# and React.
- Developed and maintained databases using SQL Server.
- Collaborated with the team to design and implement user-friendly interfaces.
- Tested and debugged applications to ensure smooth performance.
- Documented software processes and provided support for ongoing projects.

INITIUM VENTURE SOLUTIONS

Software Developer Intern

2023 - 2023 (6 months)

- Built web and desktop applications using C# and React.
- Developed and maintained databases using SQL Server.
- Collaborated with the team to design and implement user-friendly interfaces.
- Tested and debugged applications to ensure smooth performance.
- Documented software processes and provided support for ongoing projects.

INITIUM VENTURE SOLUTIONS

Junior Software Developer/ IT Specialist

2023 - 2024 (6 months)

- Designed, developed, and maintained software applications using C#, React, and SQL Server.
- Provided technical support by troubleshooting and resolving hardware, software, and network issues.
- Integrated new software solutions into existing systems to improve functionality and efficiency.
- Managed databases, ensuring data integrity, security, and accessibility.
- Implemented and monitored system security measures, including backups and updates, to ensure compliance with industry standards.

- **System Security:** Skilled in implementing and monitoring system security measures, including backups and updates.
- **Collaboration:** Demonstrated ability to work effectively within a team to achieve project goals.
- **Documentation:** Proficient in documenting software processes and providing support for ongoing projects.
- **Problem-Solving:** Strong organizational and problem-solving skills to address technical challenges effectively.
- **Communication:** Excellent communication skills for collaborating with team members and stakeholders.
- **Adaptability:** Quick learner, able to adapt to new tools, technologies, and challenges.

ESQUIRE TECHNOLOGIES

Junior Web Developer

2024 - Present

- Develop and maintain e-commerce websites to ensure smooth functionality and user experience.
- Provide technical support for all e-commerce sites and end-user troubleshooting.
- Collaborate with cross-functional teams to enhance website features and resolve issues promptly.
- Optimize website performance and ensure compatibility across various devices and browsers.
- Implement updates and new functionalities based on user requirements and market trends.
